

At **La Cuisine**, we have spent 25 years creating extraordinary experiences around the kitchen.

With our **outdoor kitchen** solutions, we extend that passion outdoors, where sharing with family and friends becomes unforgettable moments.

With a presence in **Florida, Latin America, and the Caribbean**, we offer the finest brands of outdoor furniture and appliances, carefully selected for their design, durability, and ability to turn every occasion into a memorable experience.

Discover your ideal outdoor kitchen with La Cuisine

At La Cuisine, we work with the world's most prestigious brands to design custom outdoor kitchens tailored to your lifestyle, budget, and desired level of customization.

APPLIANCES AND ACCESSORIES

OUTDOOR KITCHEN CABINETRY

We design your complete kitchen, from cabinetry to fire.

From the essential to the extraordinary, find your place outdoors.

Why have an outdoor living area?

An outdoor area is much more than an additional space: it is an opportunity to extend the home, enhance well-being, and add value to every project.

A natural extension of the home

An outdoor kitchen transforms patios, terraces, or gardens into functional spaces, ideal for cooking, sharing, and enjoying the outdoors.

Well-being and enjoyment

Outdoor living is synonymous with freedom, connection with nature, and memorable moments shared with others.

Property value

These types of spaces increase the value of residential, hospitality, and commercial projects, enhancing their appeal and return on investment.

What do we offer?

We create **outdoor** spaces that are **functional**, **sophisticated**, and adaptable to each project.

Our portfolio is designed to optimize space, offering all outdoor cooking techniques: cooking, refrigeration, ice craft, and sealed storage free from insects and moisture.

READY TO INSTALL SOLUTIONS

Designs created by our expert team, combining functionality, style, and adaptability.

PREMIUM EQUIPMENT

Grills, ovens, burners, refrigeration, water and prep systems, and everything you need to create a functional and sophisticated outdoor space, featuring products from leading global brands.

MODULAR DESIGN

Flexible options that allow you to build your kitchen in stages or expand it over time.

ACCESSORIES & COMPLEMENTS

Classic and floating shelves, internal drawers and soft close doors, overhead cabinets, trash modules, retractable units for ice bins and gas tanks, spice racks, cutlery dividers, and planters.

CUSTOM DESIGN

For those seeking a fully customized solution, we create unique proposals tailored to every need.

Everything you need to cook, share, and enjoy the outdoors

COOKING ZONE

- Barbecues and grills (gas, charcoal, wood, pellet, or hybrid)
- Multi-purpose outdoor ovens
- High power gas burners
- Smokers and kamado style cookers
- Warming drawers
- Ventilation and smoke management systems
- T Teppanyaki griddles

REFRIGERATION ZONE

- Outdoor refrigerator
- Ice maker
- Ice bin
- Wine cooler

WATER & PREP ZONE

- Stainless steel sinks
- Work and wash stations
- Outdoor kitchen faucet
- Water filters
- Filtered water chillers
- Waste management systems
- Dedicated space for waste and recycling

FURNITURE

- Modular cabinets built to withstand extreme weather
- Work surface (countertop)
- Cocktail prep stations
- Sealed storage in drawers and cabinets

AGILE, CLEAR, AND PERSONALIZED
Our process is efficient and entirely
focused on you.

STEP 1

Tell us how you live in your outdoor space

We want to understand your lifestyle, your priorities, and the type of experience you want to create.

- How do you imagine a perfect day in your outdoor space?
(Is it for relaxing, spending time with family, grilling, hosting parties...?)
- How many people usually enjoy this space with you?
(Just family, guests, larger gatherings?)
- What activities do you enjoy outdoors?
(Cooking, reading, watching movies, doing yoga, spending time with friends?)
- What types of food do you enjoy most in your outdoor kitchen?
(Barbecue, pizzas, seafood, cocktails, tapas, international cuisine?)

STEP 2

Together, we choose the best solution for your project

We present three ways to bring your ideal outdoor kitchen to life:

1 READY TO COOK

Your exceptional outdoor kitchen starts here.

Choose our base configurations, personalize your outdoor space to match your style, and start enjoying a unique design created by and for you.

2 CHOOSE TO COOK

Preconfigured designs created to offer you the best experience.

Selected equipment, fast delivery, and guaranteed quality thanks to our trusted partner brands.

3 DESIGN TO COOK

100% customized kitchens.

Fully designed to reflect your lifestyle, your preferences, and the features you want in your outdoor space.

We work with you to determine which option best fits your timeline, needs, and vision.

STEP 3

We bring your outdoor kitchen to life

From selecting appliances and furniture to the final installation, our team will support you through every stage. We ensure every detail is taken care of to achieve an impeccable, functional, and aesthetically unique result.

Your outdoor kitchen will not only be a well-equipped space, but an extension of your lifestyle.

1

READY TO COOK by La Cuisine Outdoor

Durability and Style

The Ready to Cook solution is designed for those who want to enjoy their outdoor kitchen without complications or long waiting times. With our base configurations, we bring together design, functionality, and complete equipment in an easy to implement concept, backed by La Cuisine’s quality and expertise.

La Cuisine Outdoor cabinetry, made from high density polyethylene (HDPE), is the core of this concept. This material offers exceptional durability: it does not rust, requires no sealing or painting, resists mold and bacteria, and maintains its color even in extreme climates or high salinity environments. Unlike wood, it does not deteriorate or require constant maintenance.

HDPE is also hygienic, food safe (FDA approved), and sustainable, as its recyclability helps reduce the production of new plastics.

At La Cuisine, we believe in outdoor kitchens designed to last a lifetime. That’s why every project includes an extended warranty, ensuring durability, hygiene, and sustainability at the heart of your outdoor space.

SMART DESIGN
+ PREMIUM SELECTION

INSTALLATION

AESTHETICS

GUARANTEED QUALITY

CHOOSE YOUR BASES, ACTIVATE THEM AND COOK

It’s that simple.

You choose the configuration that best fits your lifestyle.

Every outdoor kitchen starts with a solid foundation. Choose from different modules and create the ideal layout for your outdoor kitchen.

1. SELECT THE BASE

3" (77mm) Support column

18" (458mm) 3-drawer base

18" (458mm) Trash module with top drawer

18" (458mm) Double-door base

30" (762mm) Single door base

30" (762mm) Sink base

21" (534mm) 1-door burner base

30" (762mm) 2-door burner base

33" (839mm) Base for 30" grill
42" (1067mm) Base for 36" grill
48" (1220mm) Base for 42" grill

SELECT A COLOR AND A HANDLE STYLE

Moss grey

Denver™

Design & Innovation

If you're looking for an outdoor kitchen that combines style, functionality, and sophistication, **Danver** is the ideal choice. Made from 304 or 316 stainless steel, it stands out for its durability and versatility. Its powder coat finishes are available in a wide range of colors, textures, and styles, allowing you to personalize every detail according to your lifestyle. With a 5-year finish warranty and extended cabinet warranty, Denver delivers design, reliability, and exclusivity for those who value personalization and elegance in their outdoor space.

URBAN
Bonfire®
URBAIN

Versatility tailored to you

For those who enjoy adapting their kitchen to every occasion, Urban Bonfire offers complete customization: shelves, drawers, and adjustable systems that transform according to your needs. Made from marine grade aluminum, they withstand salinity, humidity, ice, and UV rays, making them ideal even for coastal environments.

Its exclusive **Nacraē™** powder coat finish, applied both inside and out, ensures maximum protection against scratches, stains, and fading, while also providing antimicrobial properties. With a 10-year structural warranty and a 3-year finish warranty, Urban Bonfire delivers a durable, flexible, and reliable outdoor kitchen—perfect for any moment.
